Shieldex® Hygienic Wipe

touch surfaces aseptically

The Shieldex® Hygienic-Wipe protects from contact transmission in public areas. Whether shopping, traveling or disinfecting hands and personal items - the Shieldex® Hygienic-Wipe facilitates everyday life and is the ideal companion for on the go due to its handy size.

Perfect use for

Grabpole in public transport | Airplanes | Public places such as roadhouses and restrooms | Surfaces such as the handle of a shopping cart or the touch screen of a cell phone | Pin pads of ATMs

Virus inactivation within minutes Thanks to the Shieldex® Hygienic Wipe, you can touch everyday objects without risk and your hands can be cleaned from viruses and bacteria. By rubbing the wipe, the germs are absorbed by the textile and can no longer multiply on the 99.9% pure silver surface of the Shieldex® Hygienic Wipe.

-
- Properties**
- Naturally self-disinfecting due to the released silver ions
 - Effective in wet and dry condition
 - Sustainable, washable and reuseable

Effectiveness The significant antiviral and antibacterial properties of the Shieldex® Hygienic Wipe have been confirmed by independent institutes and laboratories²

1. Istituto Zooprofilattico delle Venezie (Result of November 2020 available on request)

2. Hohenstein Laboratories (Result of 07.04.2020 available on request).

-
- Handy all-rounder in daily situations**
- Touch public surfaces without hesitation.
 - Protects you from contact transmission: smart solution for avoiding direct skin contact with door handles, handrails, pin pads, shopping carts and much more.
 - Removes germs from your everyday objects such as cell phone displays, wallets and keys.

Wasing Instructions Hand wash recommended, alternatively gentle cycle at 30 °C, use mild soap, do not bleach, air dry recommended.

Important side note Silver oxidizes over time, this process is natural and known, for example, from silver jewelry. However, this does not affect the effectiveness.

Silver is a biocidal active ingredient according to §67 EU Biocide Regulation.
