THERM-A-GAP T630

SDS Preparation Date (dd/mm/yyyy): 05/06/2009

SAFETY DATA SHEET

This safety data sheet complies with the requirements of Regulation (EC) No. 1907/2006.

1. IDENTIFICATION OF THE SUBSTANCE / PREPARATION AND OF THE COMPANY / UNDERTAKING

Product Name	:	THERM-A-GAP T630
Product Code(s)	:	T630
Application	:	Thermally conductive, form-in-place, gap filler. Use pattern: professional use.
Supplier's name and address:		
Parker Hannifin Ltd., Seal (Gro	bup
Chomerics Division Europe		•
Unit 6 Century Point		
Halifax Road		
High Wycombe		
Bucks, HP12 3SL		
United Kingdom		
Telephone	:	044 (0) 1494 455 400
Emergency Telephone Number		
	:	001-352-323-3500 (INFOTRAC - U.S.)
2. HAZARDS IDENTIFICATIO)N	

White paste. No odour.

Most important hazards:

This preparation is not classified as dangerous according to Directive 1999/45/EC.

Other hazards which do not result in classification:

Burning produces obnoxious and toxic fumes. This product is a cured silicone material. The ingredients of this mixture are encapsulated within the silicone mixture, therefore no exposure to these materials is expected during normal use/handling of this product. Prolonged or repeated contact with skin may cause irritation in some cases. Prolonged exposure may cause eye irritation.

Environmental precautions: Avoid release to the environment.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Chemical nature of the preparation: Cured silicone (Resin).

The following substances shall be indicated according to legislation:

Ingredients	<u>CAS #</u>	EINECS No.	Concentration	Hazard classification
The following ingredients on the silicone mixture:	of this mixture are end	apsulated with		
Boron nitride (BN)	10043-11-5	233-136-6	< 20%	None assigned. Substances for which there are Community workplace exposure limits.
Aluminium oxide	1344-28-1	215-691-6	< 80%	None assigned. Substances for which there are Community workplace exposure limits.
Disodium oxide	1313-59-3	215-208-9	1.0 - 4.0	F;R14 - C;R35 (self classified)

For the full text of the R phrases mentioned in this Section, see Section 16.

SDS Preparation Date (dd/mm/yyyy): 05/06/2009

SAFETY DATA SHEET

This safety data sheet complies with the requirements of Regulation (EC) No. 1907/2006.

Ingestion:Do NOT induce vomiting. Never give anything by mouth to an unconscious person. When symptoms persist or in all cases of doubt seek medical advice. InhalationInhalation:If breathed in, move person infor fesh air's if threathing is inregular or stopped, administer advice.Skin contact:Remove/Take off immediately all contaminated clothing. Wash off immediately with scap and plenty of water. When symptoms persist or in all cases of doubt seek medical advice.Eye contact:Immediately flush eye(s) with plenty of water. When symptoms persist or in all cases of doubt seek medical advice.Additional Information:Immediately flush eye(s) with plenty of water. When symptoms persist or in all cases of doubt seek medical advice.Additional Information:Immediately flush eye(s) with plenty of water. When symptoms persist or in all cases of advice.Suitable extinguishing media:Carbon dioxide (CO2); Dry chemical: Alcohol-resistant foam; Water spray.Unsuitable extinguishing media:::None known.Unsual fire and explosion naze:::Wear self-contained breathing apparatus and protective suit. Fight fire with normal precautions from a reasonable distance.Special fire-fighting procedures:::::::Wear suitable protective equipment. Refer to protective measures listed in sections 7 and 8.:::::::::::::::: <th::< th="">::<t< th=""><th>4. FIRST-AID MEASURES</th><th></th></t<></th::<>	4. FIRST-AID MEASURES	
Inhalation : If breathed in, move person into fesh air, if breathing is irregular or stopped, administer antificial respiration. When symptoms persist or in all cases of doubt seek medical advice. Skin contact : Remove/Take off immediately all contaminated clothing. Wash off immediately with soap and plenty of water. When symptoms persist or in all cases of doubt seek medical advice. Eye contact : Immediately flush eye(s) with plenty of water. When symptoms persist or in all cases of doubt seek medical advice. Additional Information : Treat symptomatically. S. FIRE-FIGHTING MEASURES Suitable extinguishing media Suitable extinguishing media : Carbon dioxide (CO2); Dry chemical; Alcohol-resistant foam; Water spray. Unsuitable extinguishing media : None known. Unsuitable extinguishing media : Burning produces obnoxious and toxic fumes. In the event of fire the following can be released: Carbon oxides; silicon oxides; nitrogen oxides (NOX); Boron and compounds; Metal oxides . Protective equipment for fire-fighters : Wear self-contained breathing apparatus and protective suit. Fight fire with normal precautions from a reasonable distance. Special fire-fighting procedures : Move containers from fire area if safe to do so. Cool closed containers exposed to fire with water spray. Do not allow run-off from fire fighting to enter drains or water courses. Dike for water control. 6. ACCIDENTAL RELEASE MEASURES : Don to allow material to contaminate ground water system.	Ingestion :	
soap and plenty of water. When symptoms persist or in all cases of doubt seek medical advice. Eye contact : Immediately flush eye(s) with plenty of water. When symptoms persist or in all cases of doubt seek medical advice. Additional Information : Treat symptomatically. 5. FIRE-FIGHTING MEASURES Suitable extinguishing media Build ble extinguishing media : Carbon dioxide (CO2); Dry chemical; Alcohol-resistant foam; Water spray. Unsultable extinguishing media : None known. Unsultable extinguishing media : Burning produces obnoxious and toxic fumes. In the event of fire the following can be released: Carbon oxides; silicon oxides; nitrogen oxides (NOX); Boron and compounds; Metal oxides. Protective equipment for fire-fighters : Wear self-contained breathing apparatus and protective suit. Fight fire with normal precautions from a reasonable distance. Special fire-fighting procedures : Move containers from fire area if safe to do so. Cool closed containers exposed to fire with water spray. Do not allow run-off from fire fighting to enter drains or water courses. Dike for water control. 6. ACCIDENTAL RELEASE MEASURES Personal precautions : Wear suitable protective equipment. Refer to protective measures listed in sections 7 and 8. Environmental precautions : Veen suitable protective equipment. Refer to protective measures listed in sections 7 and 8. Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, ear	Inhalation :	If breathed in, move person into fresh air. If breathing is irregular or stopped, administer artificial respiration. When symptoms persist or in all cases of doubt seek medical
Additional information : Treat symptomatically. S. FIRE-FIGHTING MEASURES Suitable extinguishing media : Carbon dioxide (CO2); Dry chemical; Alcohol-resistant foam; Water spray. 8. EXPOSURE CONTROLS / PERSONAL PROTECTION	8. EXPOSURE CONTROLS / PER	RSONAL PROTECTION

Exposure Limits:

THERM-A-GAP T630

SDS Preparation Date (dd/mm/yyyy): 05/06/2009

SAFETY DATA SHEET

This safety data sheet complies with the requirements of Regulation (EC) No. 1907/2006.

Chemical Name	Exposure Limits	<u>Type</u>	Notes
Aluminium oxide			
	10 mg/m³ (TWA)	France (OEL)	None.
	10 mg/m ³ (Inhalable dust); 4 mg/m ³ (respirable dust) (TWA)	Ireland (OEL)	None.
	10 mg/m³ (TWA)	Spain (OEL)	None.
Boron nitride (BN)			
	6 mg/m³ (TWA)	European Union (OEL)	Lithuania
	5 mg/m ³ (TWA); 10 mg/m ³ (STEL)		Romania
	6 mg/m³ (TWA)	Latvia (OEL)	None.
Disodium oxide			
	None known.	European Union (OEL)	None.

Ingredient Comments: TWA = time weighted average; STEL = Short term exposure limit; OEL = National occupational exposure limits.

Note: This product is a cured silicone material. The ingredients of this mixture are encapsulated within the silicone mixture, therefore no exposure to these materials is expected during normal use/handling of this product. The above exposure limits are provided for safety reasons.

Ventilation and engineering measures

Ventilation and engineering mea	Jui	
	:	Provide adequate ventilation during application.
Respiratory protection	:	In the case of vapour formation use a respirator with an approved filter. The filter class for the respirator must be suitable for the maximum expected contaminant concentration (gas/vapour/aerosol/particulates) that may arise when handling the product. If this concentration is exceeded, self-contained breathing apparatus must be used. The type of respiratory protection will depend on the conditions of use (see also EN 149).
Skin protection	:	Wear protective gloves. The suitability for a specific workplace should be discussed with the producers of the protective gloves. The selected protective gloves have to satisfy the specifications of EU Directive 89/689/EEC and the standard EN 374 derived from it.
Eye / face protection	:	Chemical splash goggles are recommended. See also EN 166.
Other protective equipment	:	Protective overalls. Ensure that eyewash stations and safety showers are close to the workstation location.
General hygiene considerations		
	:	Avoid breathing dust/fume/gas/mist/vapours/spray. Avoid contact with skin, eyes and clothing. Do not eat, drink or smoke when using this product. Wash thoroughly after handling. Remove and wash contaminated clothing before re-use.
9. PHYSICAL AND CHEMICA	۱L	PROPERTIES

Appearance	:	White paste.
Odour	:	No odour.
рН	:	No information available.
Flash point	:	> 93.3°C
Flashpoint (Method)	:	No information available.
Lower flammable limit (% by vol.)		
	:	No information available.
Upper flammable limit (% by vol.)		
	:	No information available.

THERM-A-GAP T630 SDS Preparation Date (dd/mm/yyyy): 05/06/2009

Product code(s): T630 Page 4 of 6

SAFETY DATA SHEET

This safety data sheet complies with the requirements of Regulation (EC) No. 1907/2006.

Auto-ignition temperature	:	No information available.
Oxidizing properties	:	None known.
Explosion data	:	Not expected to be sensitive to mechanical impact or static discharge.
Boiling point	:	No information available.
Melting/Freezing point	:	No information available.
Specific gravity	:	2.25
Solubility	:	insoluble
Vapour pressure	:	No information available.
Vapour density	:	No information available.
Coefficient of water/oil distribut	ion	
	:	No information available.
Viscosity	:	No information available.
Evaporation rate (BuAe = 1)	:	No information available.
Volatiles (% by weight)	:	negligible
Volatile organic Compounds (V	OC's)
	:	No information available.

10. STABILITY AND REACTIVITY

Stability and reactivity :	Stable under normal conditions.		
Conditions to avoid :	Avoid heat and open flame.		
Materials To Avoid And Incompatibi	ility		
:	Acids; Oxidizing agents.		
Hazardous decomposition products			
:	Burning produces obnoxious and toxic fumes. In the event of fire the following can be released: Carbon oxides; silicon oxides; nitrogen oxides (NOx); Boron and compounds; metal oxides .		

11. TOXICOLOGICAL INFORMATION

Routes of exposure	Eye contact; Skin contact; Ingestion; Inhalation.
Signs and sympton	ns of short-term (acute) exposure
Inhalation	: None reasonably foreseeable. Fumes from heated product or mists may irritate respiratory tract.
Skin	: None reasonably foreseeable. Prolonged skin contact may cause skin irritation.
Eyes	: None reasonably foreseeable. Prolonged exposure may cause eye irritation.
Ingestion	: Ingestion may cause gastrointestinal irritation, nausea, vomiting and diarrhoea.
Potential Chronic H	ealth Effects
	 No hazards resulting from the material as supplied. Prolonged skin contact may cause skin irritation.
Carcinogenicity	: Contains no ingredient listed as a carcinogen.
Reproductive effect	s : Contains no ingredient listed as toxic to reproduction
Mutagenicity	: Contains no ingredient listed as a mutagen
Teratogenicity	: Contains no ingredient listed as toxic to reproduction
Other important ha	zards : None known.

12. ECOLOGICAL INFORMATION

Ecotoxicity		No data is available on the product itself. The product should not be allowed to enter drains or water courses, or be deposited where it can affect ground or surface waters.
Mobility	:	The product itself has not been tested.
Persistence	:	The product itself has not been tested.
