

Production Operative

HITEK Electronic Materials Ltd

15 Wentworth Road, South Park Industrial Estate, Scunthorpe, DN17 2AX

Competitive Salary – Full time, permanent

We Currently have an opportunity for a Production Operative to join HITEK. Located in Scunthorpe, HITEK has over 40 years' experience in fabrication and distribution, predominantly servicing the Military, Aerospace, and Defence sectors. The company is accredited to AS9100 Rev D, BS EN ISO 9001:2015 and is a recognised Continuous Improvement organisation.

This role is ideal for a highly adaptable individual who is capable of performing multiple functions within a production environment. An immediate start is available, and full training will be provided.

Duties

- Manufacture O-rings, gaskets, and other associated components
- Programme and operate CNC-controlled knife cutting machines
- Programme and operate CNC-controlled dispensing systems
- Decant resin and polymer systems safely and accurately
- Maintain high standards of accuracy and attention to detail in all areas of work
- Work independently and as part of a team to meet production targets
- Build and maintain effective working relationships with other departments
- Actively participate in Continuous Improvement activities

Experience

Required

- Excellent attention to detail and accuracy
- Adaptable and capable of managing multiple tasks in a production environment
